

# Different Body Types.

①

## ① The Hourglass:

hour  
glass

a well defined waist, smaller than your bust & hips, which are usually similar in size.

This style is very conducive for the cindi party. A great fit

## ② The Pear Shape:

Shape of  
a Pear

Defined waist, hips are more ample than your bust. This is a great fit for the cindi party.

## ③ Rectangular:

Shoulders, waist & hips generally the same size. A more athletic build, which is also great for the cindi party.

(2)

(4) The Apple:

The bust, waist & hips are generally the same size but more rounded suggesting that more weight is carried in the mid section. This may work for the curdypanty.

(5) The Wedge:

Shoulders & bust are wider than the hips. The part of the body that is thinnest are the legs.

This body may not be ~~can~~ suited for the curdypanty.
